CAREER OBJECTIVE

Frontend Developer with experience building responsive, user-focused websites and web applications using modern frontend technologies. Skilled in HTML, CSS, JavaScript, React, and responsive design principles. Experienced in creating clean, scalable interfaces, integrating REST APIs, optimizing performance, and delivering seamless user experiences across devices. Focused on writing maintainable code, implementing modern UI/UX practices, and building reliable, high-quality web solutions.

FREELANCE PROJECTS

Freelance Frontend Developer | 2022 – Present

- Developed responsive websites and frontend interfaces using HTML, CSS, JavaScript, PHP, and Bootstrap.
- Converted client requirements and design concepts into functional, mobile-friendly web experiences.
- Gained hands-on experience in frontend development, problem-solving, client communication, and project delivery.
- Built reusable components and interactive features while focusing on clean UI, usability, and performance.
- Integrated Firebase Authentication, Firestore, Cloud Storage, push notifications, and REST APIs.
- Managed projects independently from requirement gathering and development to testing, revisions, and delivery.

STRENGTHS

- Clean UI/UX and responsive design
- Strong problem-solving and ownership
- Fast learner and adaptable
- Collaborative, reliable, and delivery-focused
